

From: Peter Davis

>>>> What about those sweet, sweet excursion dollars? Do these people even go outside?

>>>>

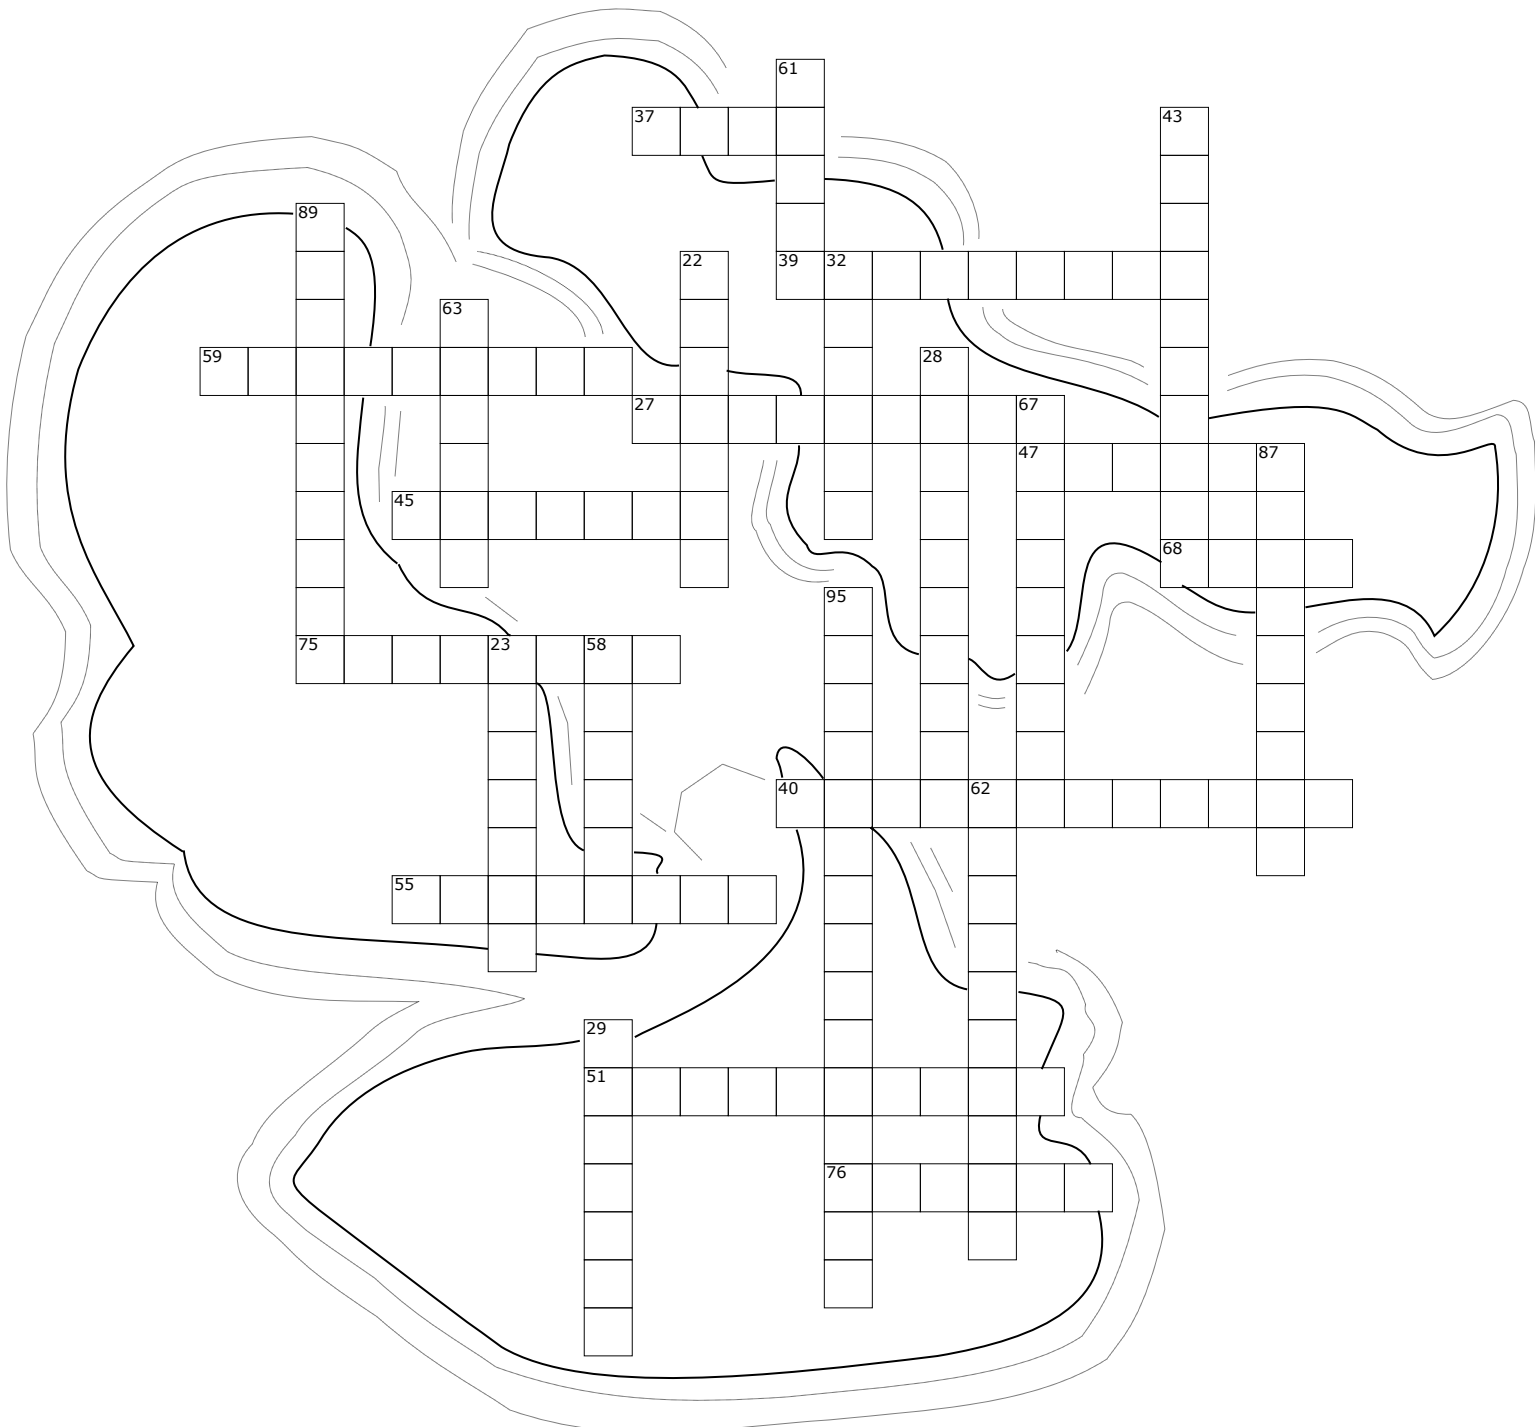

>>> I can't find a thing on additional engagement strategy from marketing - yet normal bookings
>>> are off the charts and they book their own outings as well! As if that's not enough the
>>> the boat puts on its own land concert and the crew has to take on more liquor in port!
>>> So far a Win/Win! One of our agents found this map and some instructions, this might give
>>> us that secret sauce.

>>>

>> I took a look but its beyond me - I got as far as pairing answers. It looks like you can
>> add answer pair numbers to place the result in the grid - get this down to the nerds in
>> research to see if they can do anything more with it.

>

> It looks like letters are scattered along the coast. We were afraid it might require
> anagramming (gasp) but Chloe in data's theory is that there is some sort of ordering that will
> make words from the coastlines to give us what we need, IDK.
